

WALKS CATALOGUE

Fitsteps volunteers currently lead 28 walks in the Maldon and South Chelmsford area including Burnham on Crouch, Danbury, Heybridge, Maldon, Southminster, South Woodham Ferrers, Tillingham and Tollesbury, the details of which may be found in our current Walks Diary. However, as we all lead such busy lives, it is not always possible to attend all of these walks and we encourage our members to walk independently wherever possible. To make the task easier, we provide route outlines with directions and points of local interest for most of our walks. Simple step counters are also available at nominal cost*. If you are interested in independent walking, please indicate your requirements and return the completed form to the Walks Co-ordinator in the enclosed FreePost Envelope.
